FEATURES

The Zero-X Nova is a nimble giant, the 48cm2 footprint does not get in the way of Nova's manoeuvrability. With 2 speed settings to choose from, Nova is easy for beginners to learn and fast enough to enjoyed by advanced users. Nova has a built in WiFi camera which allows you to wirelessly connect your smartphone allowing you to stream real time first person footage from the Nova drone or transfer recorded files to your smartphone. Nova's 1000mAh battery allows for 10 minutes of flight time in a single charge so you spend less time on the ground.
